

"Palace" Glass  
Simon Gate  
1923

Optic blown from one piece of glass. Twisted to form a series of translucent ribs. Signed and dared first of thirty pieces made. Blown by master-blower Knut Bergquist, one of the only glass blowers able to achieve this technically difficult task. Designed 1923 for the 300 anniversary Gothenburg exhibition.

Ref. 7508

Produced by Orrefors
